Announcing — The Little Garden Shop

SPRING NEWS FOR 1931

PRICE LIST—Instead of issuing a new price list, this is issued as a supplement to my 1930 list.

NEW PLANTS—Despite the drought last summer, I was able to grow quite a large assortment of perennials for rock garden and border, including a number of new things. In addition, I am buying other new varieties and species. On the opposite page is a partial list of my new plants.

GARDEN SHOP—For the convenience of my visitors and to help them do better gardening, I shall have a new department this year, The Little Garden Shop. Here I shall have for sale garden tools, garden gloves, plant food, peatmoss, garden books, weatherproof pencils for writing labels, clay pots and other necessities. The Shop will be ready for business from February 1, on.

LIFETIME TOOLS—Because I believe that success in gardening depends upon good tools, I shall have for sale this year an unusually fine assortment of garden tools. These are first quality only, all special purpose tools designed and manufactured for use of gardeners. I shall not carry ordinary, cheaply priced tools, for such can be bought at many places. These high quality tools I carry are hard to find in stores. They are tools of such character and stamina that with good care will last a lifetime. On page 4 you will find a list of them.

FREE BOOKLET—I have recently written a 48-page booklet, "Better Gardening", that is a fairly complete but concise textbook on gardening. This was prepared for and has been published by the Union Fork and Hoe Company of Columbus. Through the courtesy of this company, I am able to give anyone who asks for it, a free autographed copy of "Better Gardening".

GARDEN GLOVES—I shall have again this year the garden gloves that were so popular last year. These will be of the same soft, pliable, long-wearing leather as last year but the manufacturer is making up for me a new glove, of more carefully selected leather, better made, and neater in appearance. In three sizes, the price will be 60 cents a pair, or three pairs for \$1.65.

PEATMOSS—Need of humus is best met in the modern garden by use of peatmoss. I shall have this for sale this year at \$4.50 a bale, delivered.

GARDEN BOOKS—The books listed below will be on sale in the Little Garden Shop. I can order for you any other garden books you may need.

"The Book of Perennials", by Alfred C. Hottes	\$1.50
"Rock Garden Primer", by Archie Thornton	\$2.00
"Rock Gardens", by F. F. Rockwell	\$1.00
"American Rock Gardens", by Stephen F. Hamblin	\$1.25
"Rock Garden and Alpine Plants", by Henri Correvon	\$6.00

"AFTER FOUR, PLEASE"—I'll be home any afternoon after four. Drive north of Worthington on High Street one mile to Wilson Road, turn left 1000 feet and my place is the second house, a brick colonial on the north side.

HARRY R. O'BRIEN

NEW PLANTS THIS YEAR

Aethionema saxatilis	\$.50
Androsace carnea "Laggeri"	1.00
Calamintha alpina25
